

# COMPUTEROME 2.0 USERS WORKSHOP

FACULTY OF HEALTH AND MEDICAL SCIENCES,  
UNIVERSITY OF COPENHAGEN, FEBRUARY, 2021

# WELCOME TO THE C2 USERS WORKSHOP - ANDERS

# WHO ARE WE

## CENTER FOR HEALTH DATA SCIENCE:

- Anders Krogh, Professor, Head of Center
- Thilde Terkelsen, Data Scientist

ANDERS KROGH

THILDE TERKELSEN

MAGALI MICHAUT

## DANSTEM:

- Magali Michaut, Research Consultant

## GLOBE INSTITUTE:

- Bent Petersen, Associate Professor
- Shyam Gopalakrishnan, Associate Professor

BENT PETERSEN

SHYAM GOPALAKRISHNAN

ALLAN HAVE

## KU IT:

- Allan Have Sørensen, Head of Section

# PART1

# INTRODUCTION

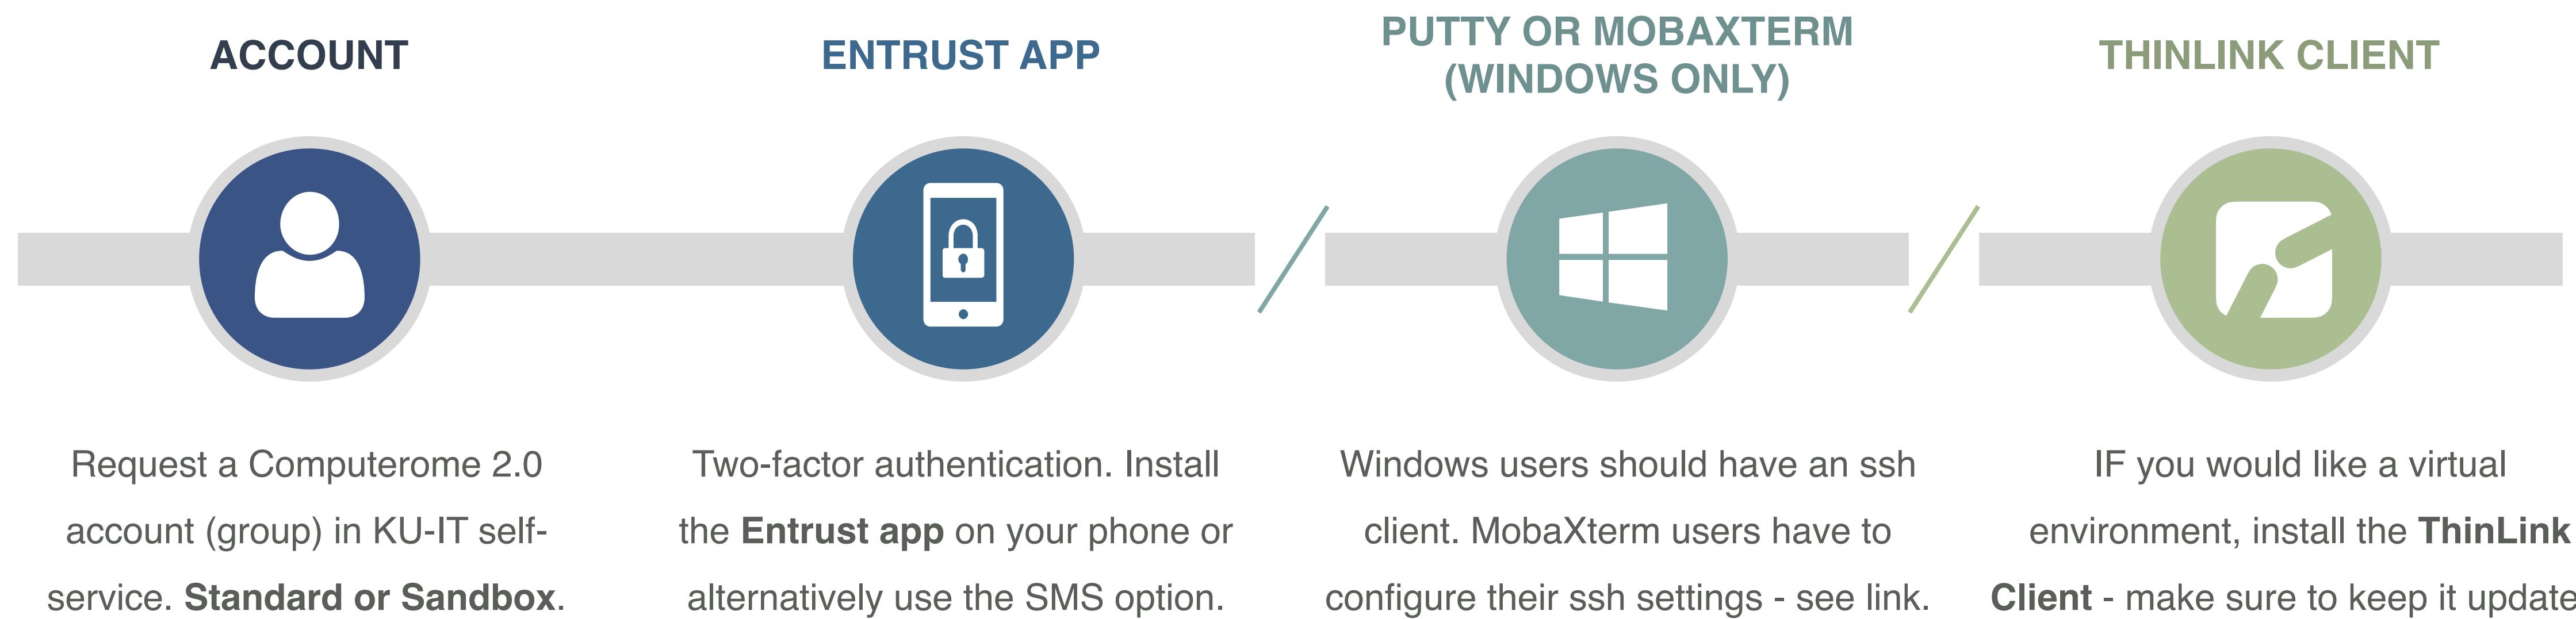

# INTRODUCTION TO C2 - BENT

# PART 2

# THE BASICS

# BEFORE LOG IN TO COMPUTEROME 2.0

**GETTING STARTED:** <https://www.computerome.dk/display/C2W/Getting+Started+-+new+users#GettingStarted-newusers-SSHlogintoComputerome2.0>

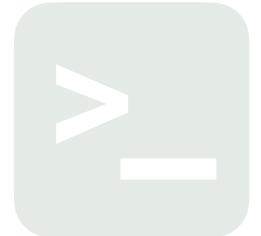

# LOG IN TO COMPUTEROME 2.0

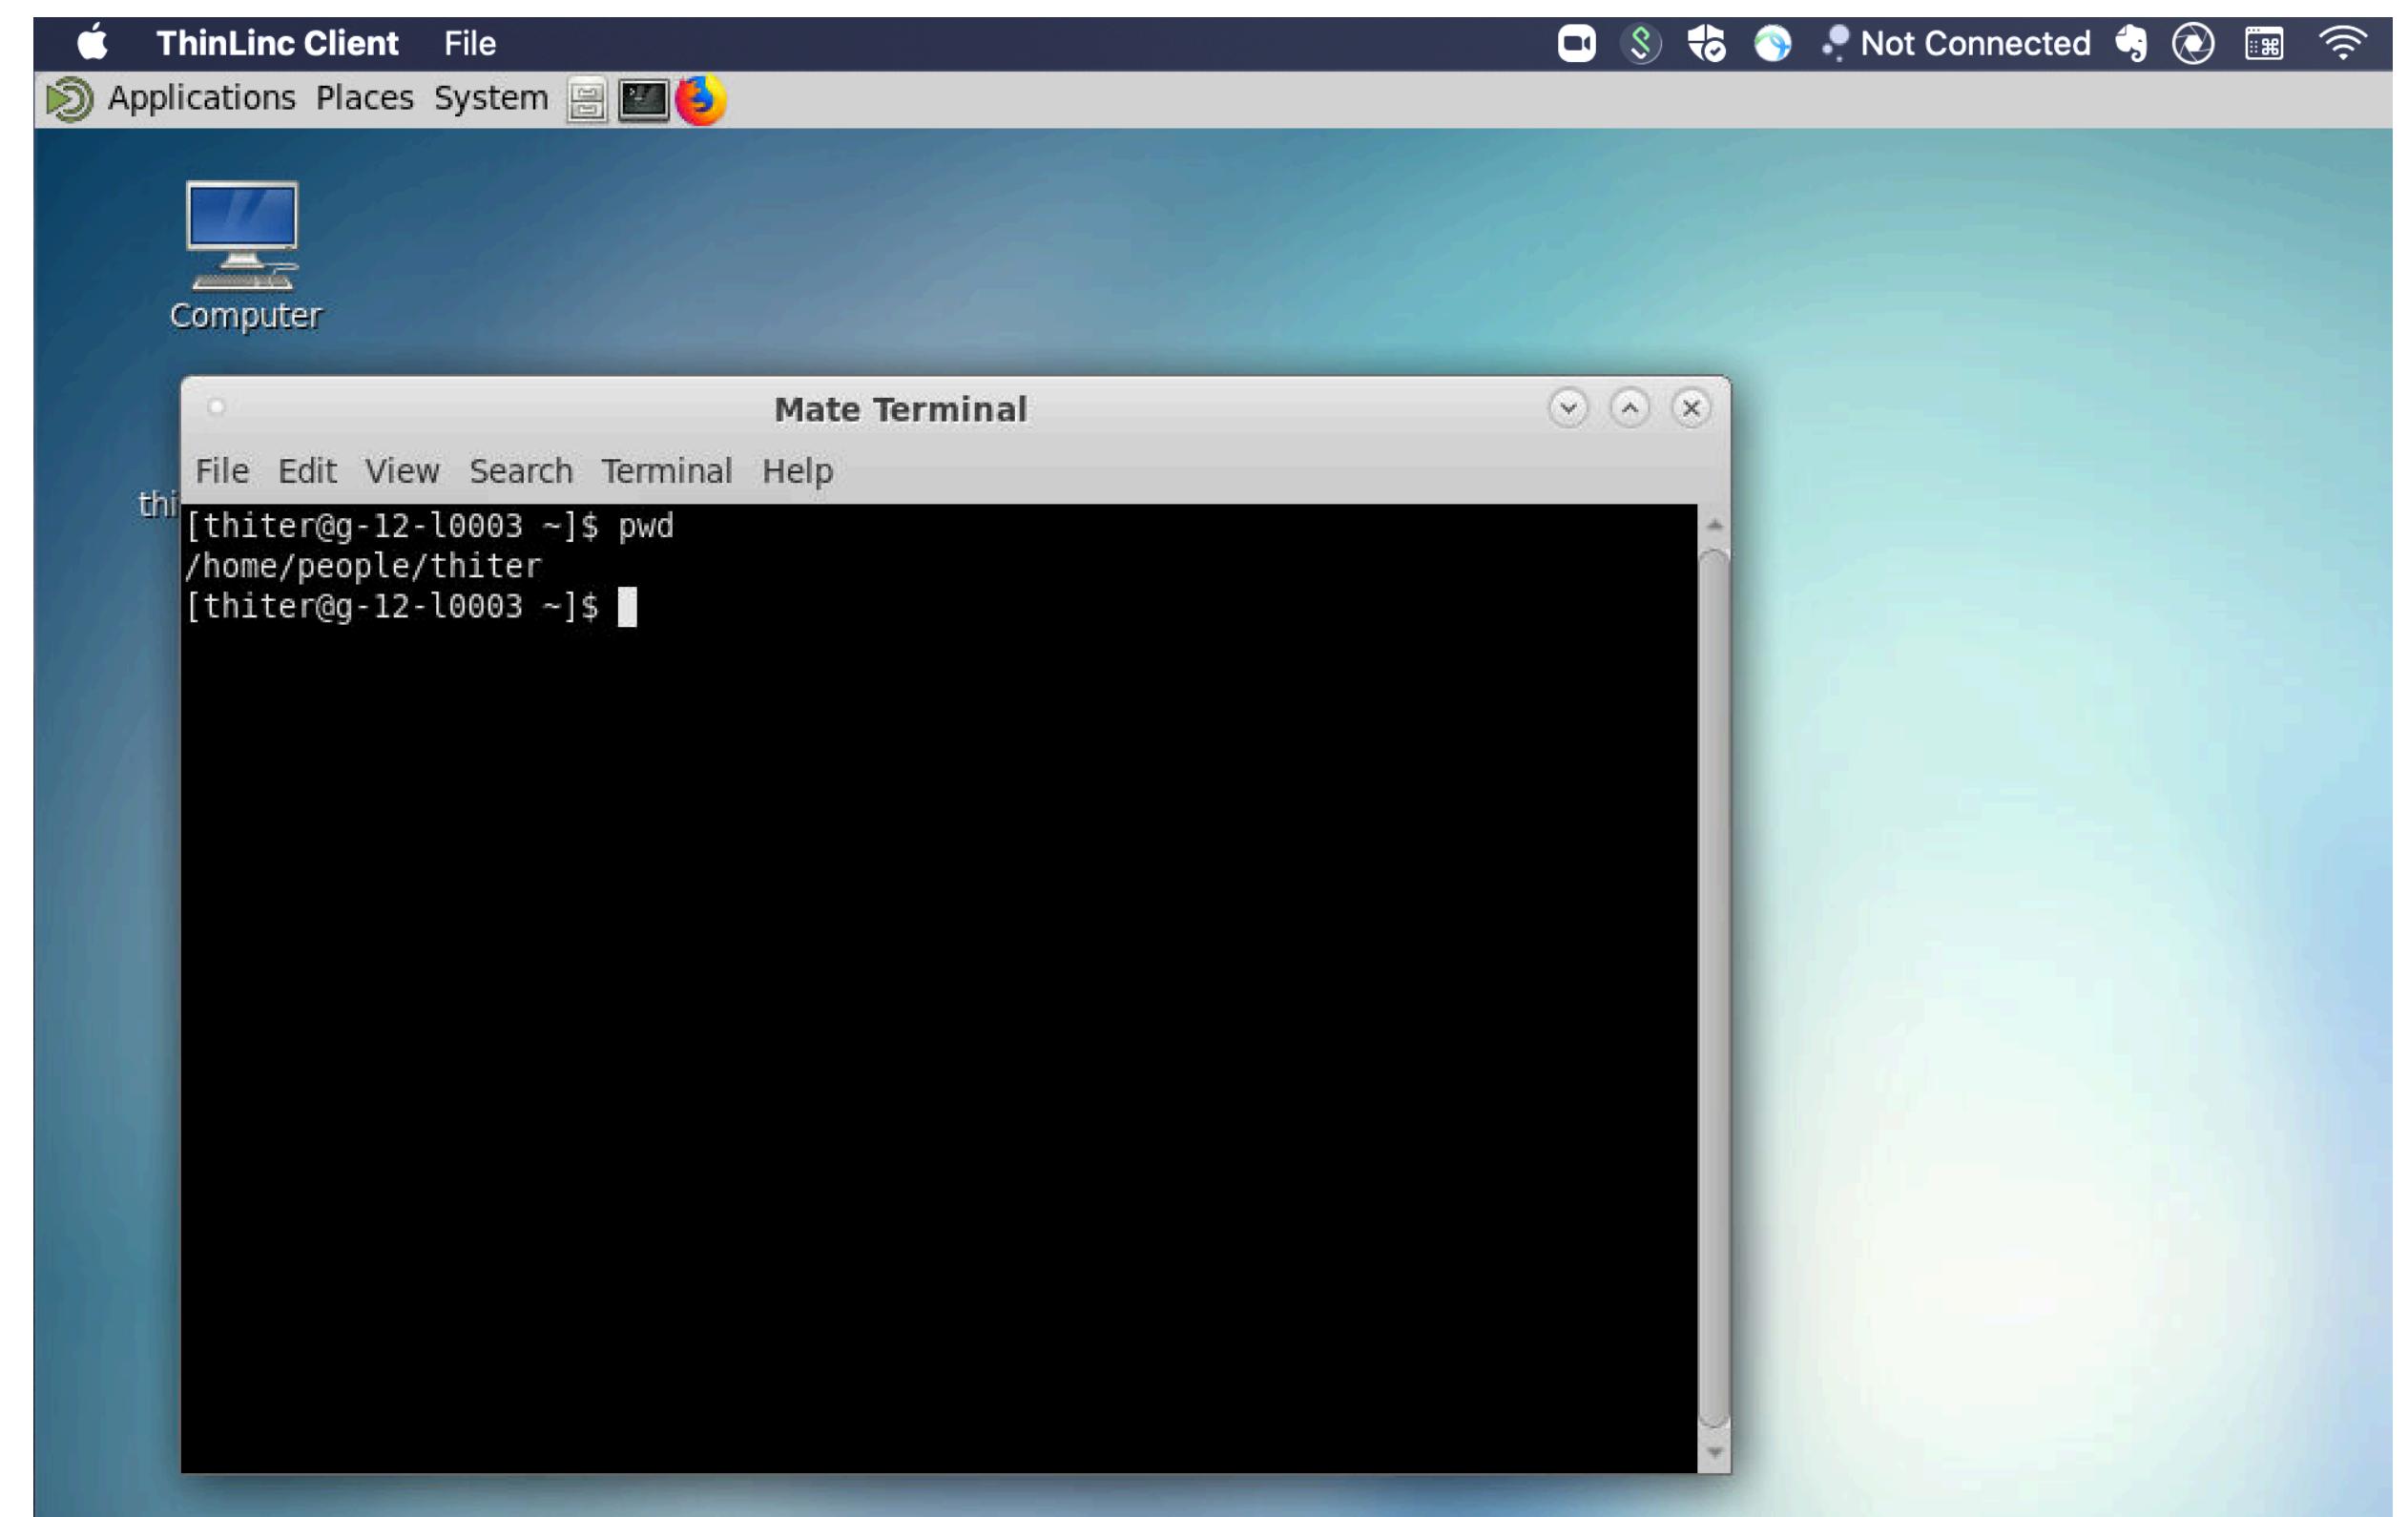

## LOG IN WITH THINLINC

- Download and install the **ThinLinc Client**
- Open and enter your **Username + Password**
- It make take a couple of minutes to connect
- Enter the token from the Entrust App (or Confirm)
- Open a terminal or click your way around

## LOG IN WITH SSH

- Open a terminal
- ssh [username@ssh.computerome.dk](ssh://username@ssh.computerome.dk)
- Enter your password
- Enter the token from the Entrust App (or Confirm)

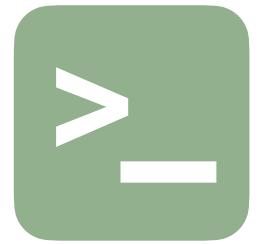

# LOG IN TO COMPUTEROME 2.0

## LOG IN WITH THINLINC

- Download and install the **ThinLinc Client**
- Open and enter your **Username + Password**
- It make take a couple of minutes to connect
- Enter the token from the Entrust App (or Confirm)
- Open a terminal or click your way around

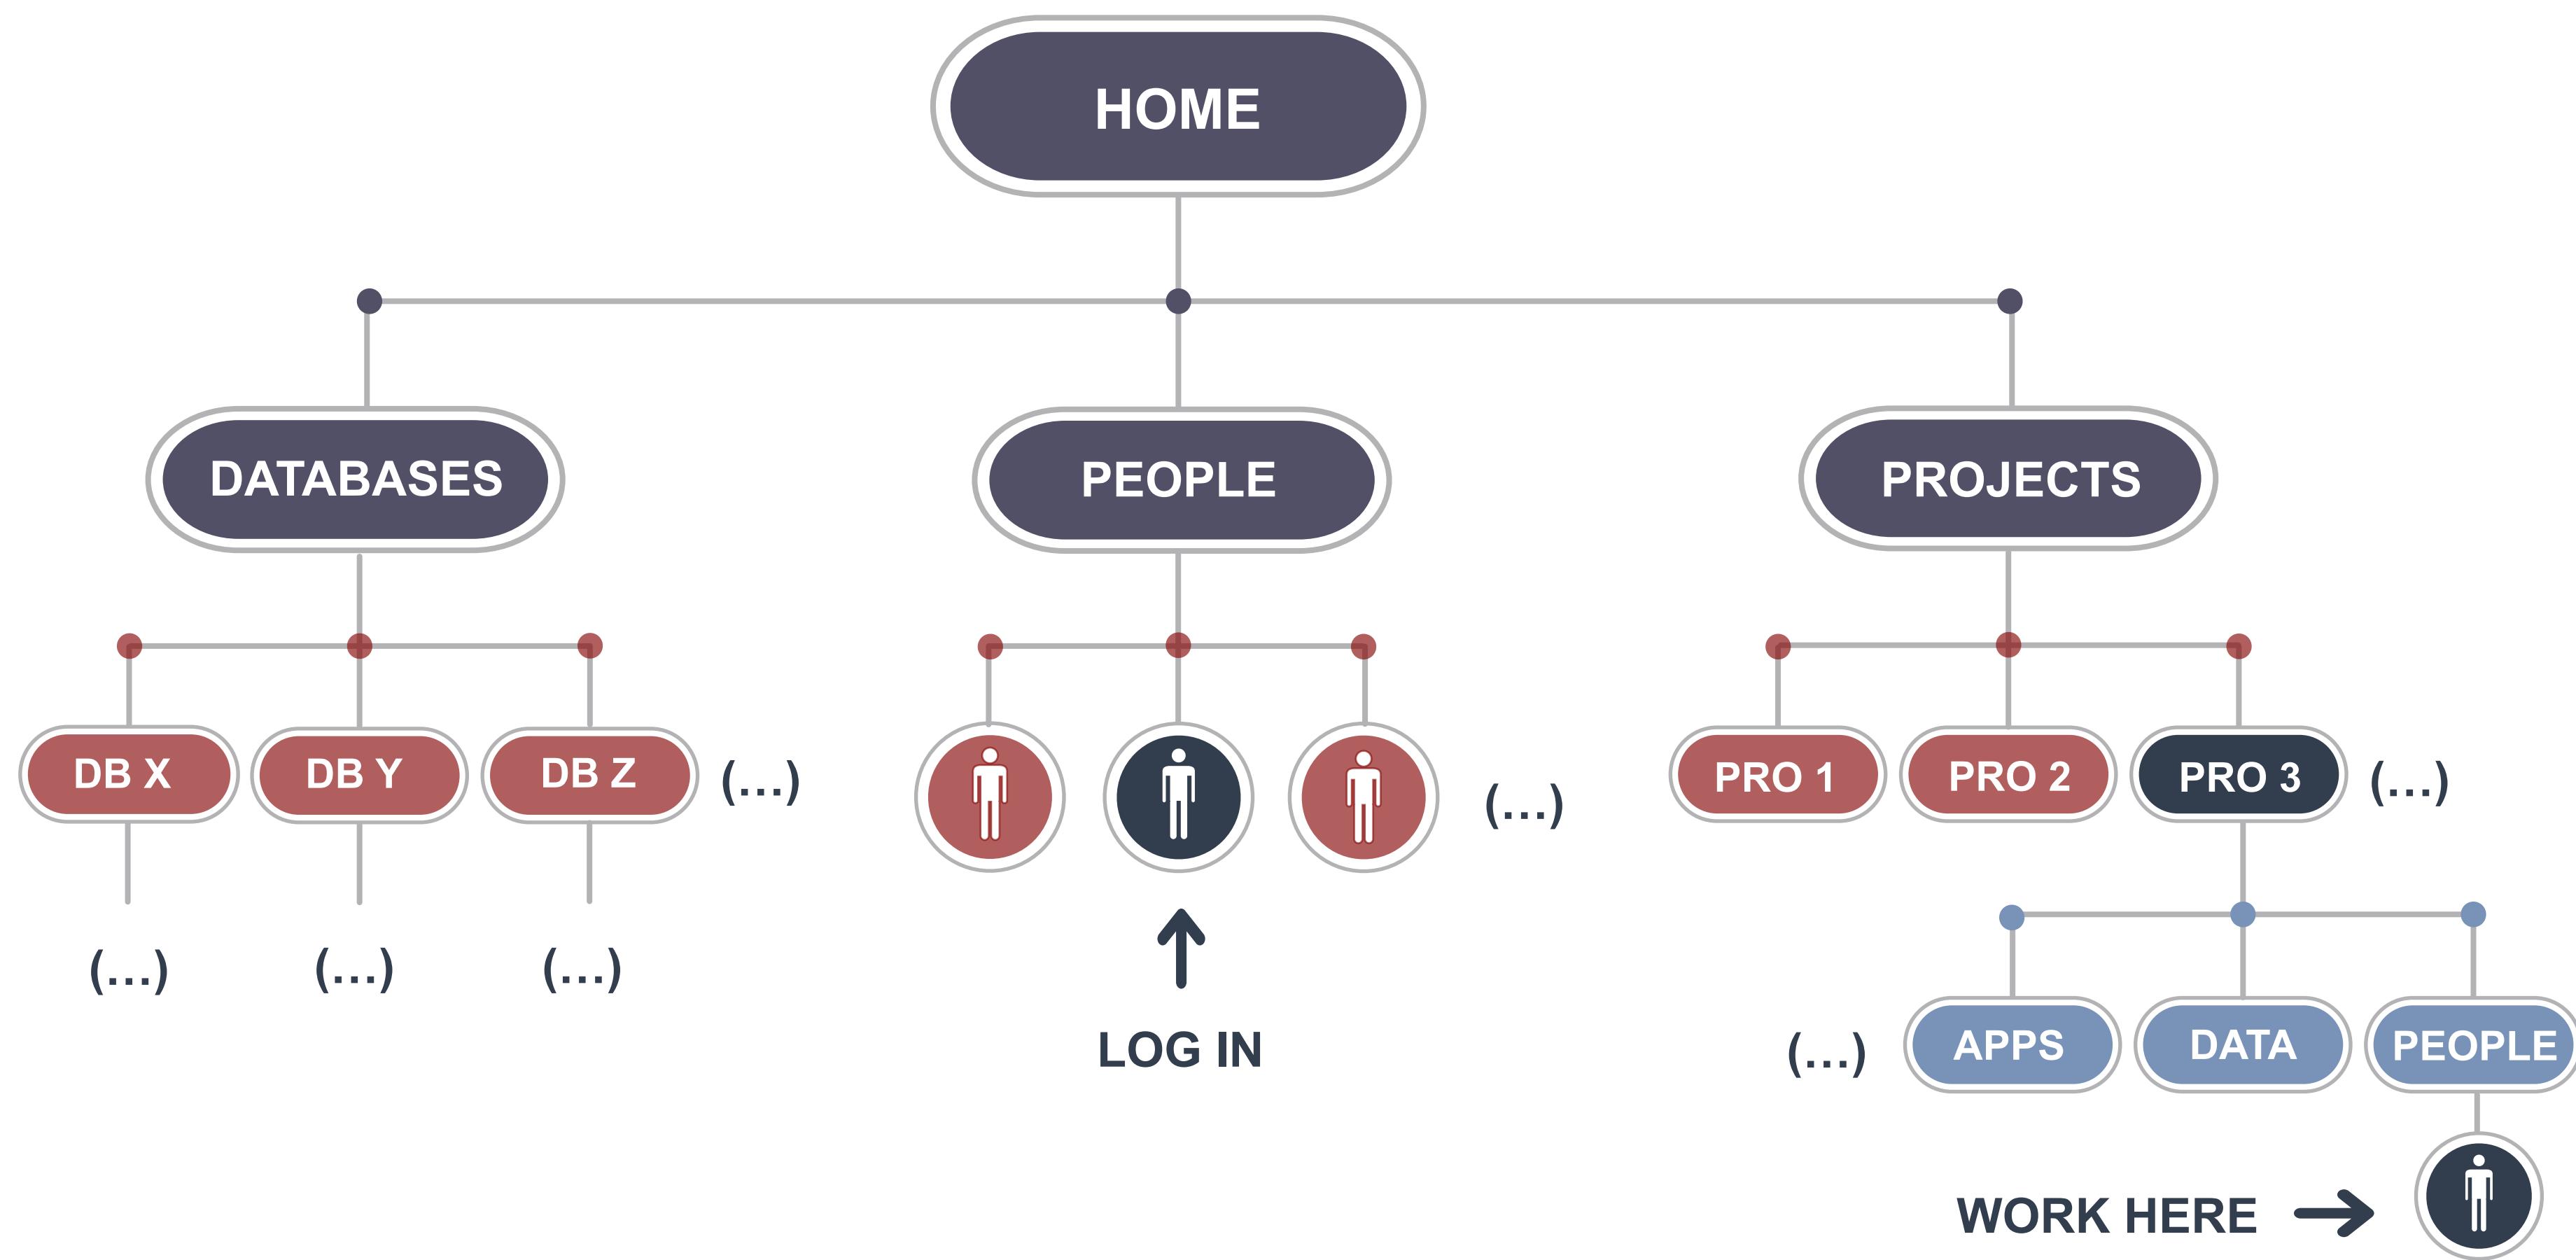

## LOG IN WITH SSH

- Open a terminal
- ssh username@ssh.computerome.dk
- Enter your password
- Enter the token from the Entrust App (or Confirm)

#####
#                                     #
#               Welcome to Computerome 2.0          #
#                                     #
#               NOTICE !!!                         #
#               This system requires 2-factor authentication   #
#                                     #
#               To login, type your password and press Enter.    #
#               This sends either an SMS passcode to your mobile   #
#               or a push-notification to Entrust IdentityGuard app.   #
#               If the push-notification times out, a new prompt line   #
#               asks for the 8 digit security code shown in the app.   #
#                                     #
#               BY LOGGING INTO THIS SYSTEM YOU ACCEPT           #
#               COMPUTEROME'S TERMS AND CONDITIONS OF USE.        #
#                                     #
#               Send support requests to computerome@dtu.dk      #
#                                     #

# C2 SANDBOX STRUCTURE

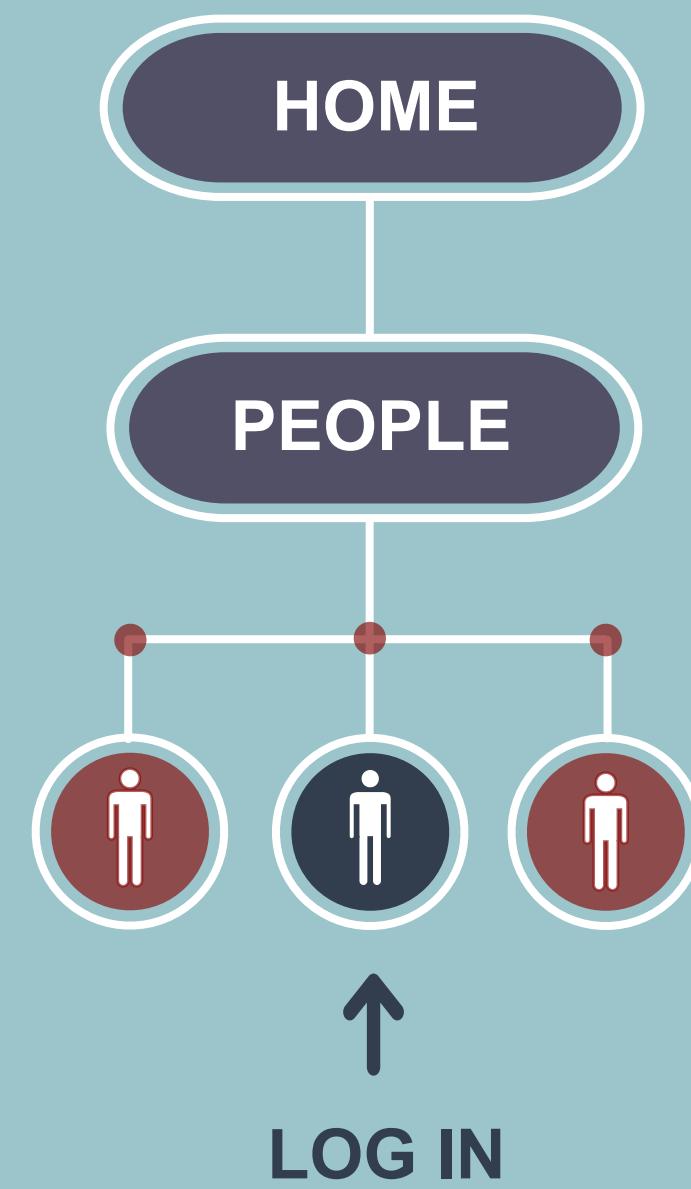

# C2 SANDBOX STRUCTURE

1

/home/people/username

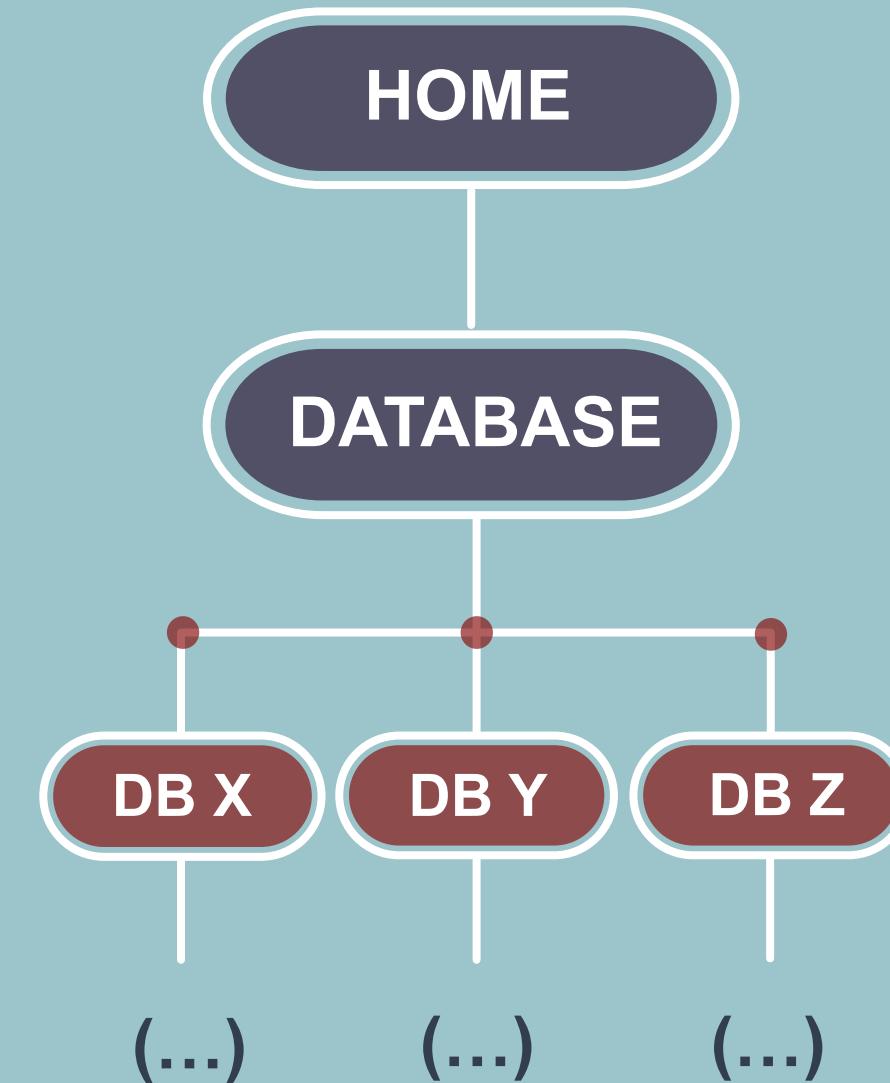

- Your private directory.
- This space is meant for configuration files.
- Do NOT store data here (max 10G)
- Do NOT run jobs from here.

2

/home/databases

- Shared database resource
- Databases include:
  - Human genomes
  - Blast
  - TCGA / GTEx
  - dbSNP
  - ClinVar / COSMIC
  - ...

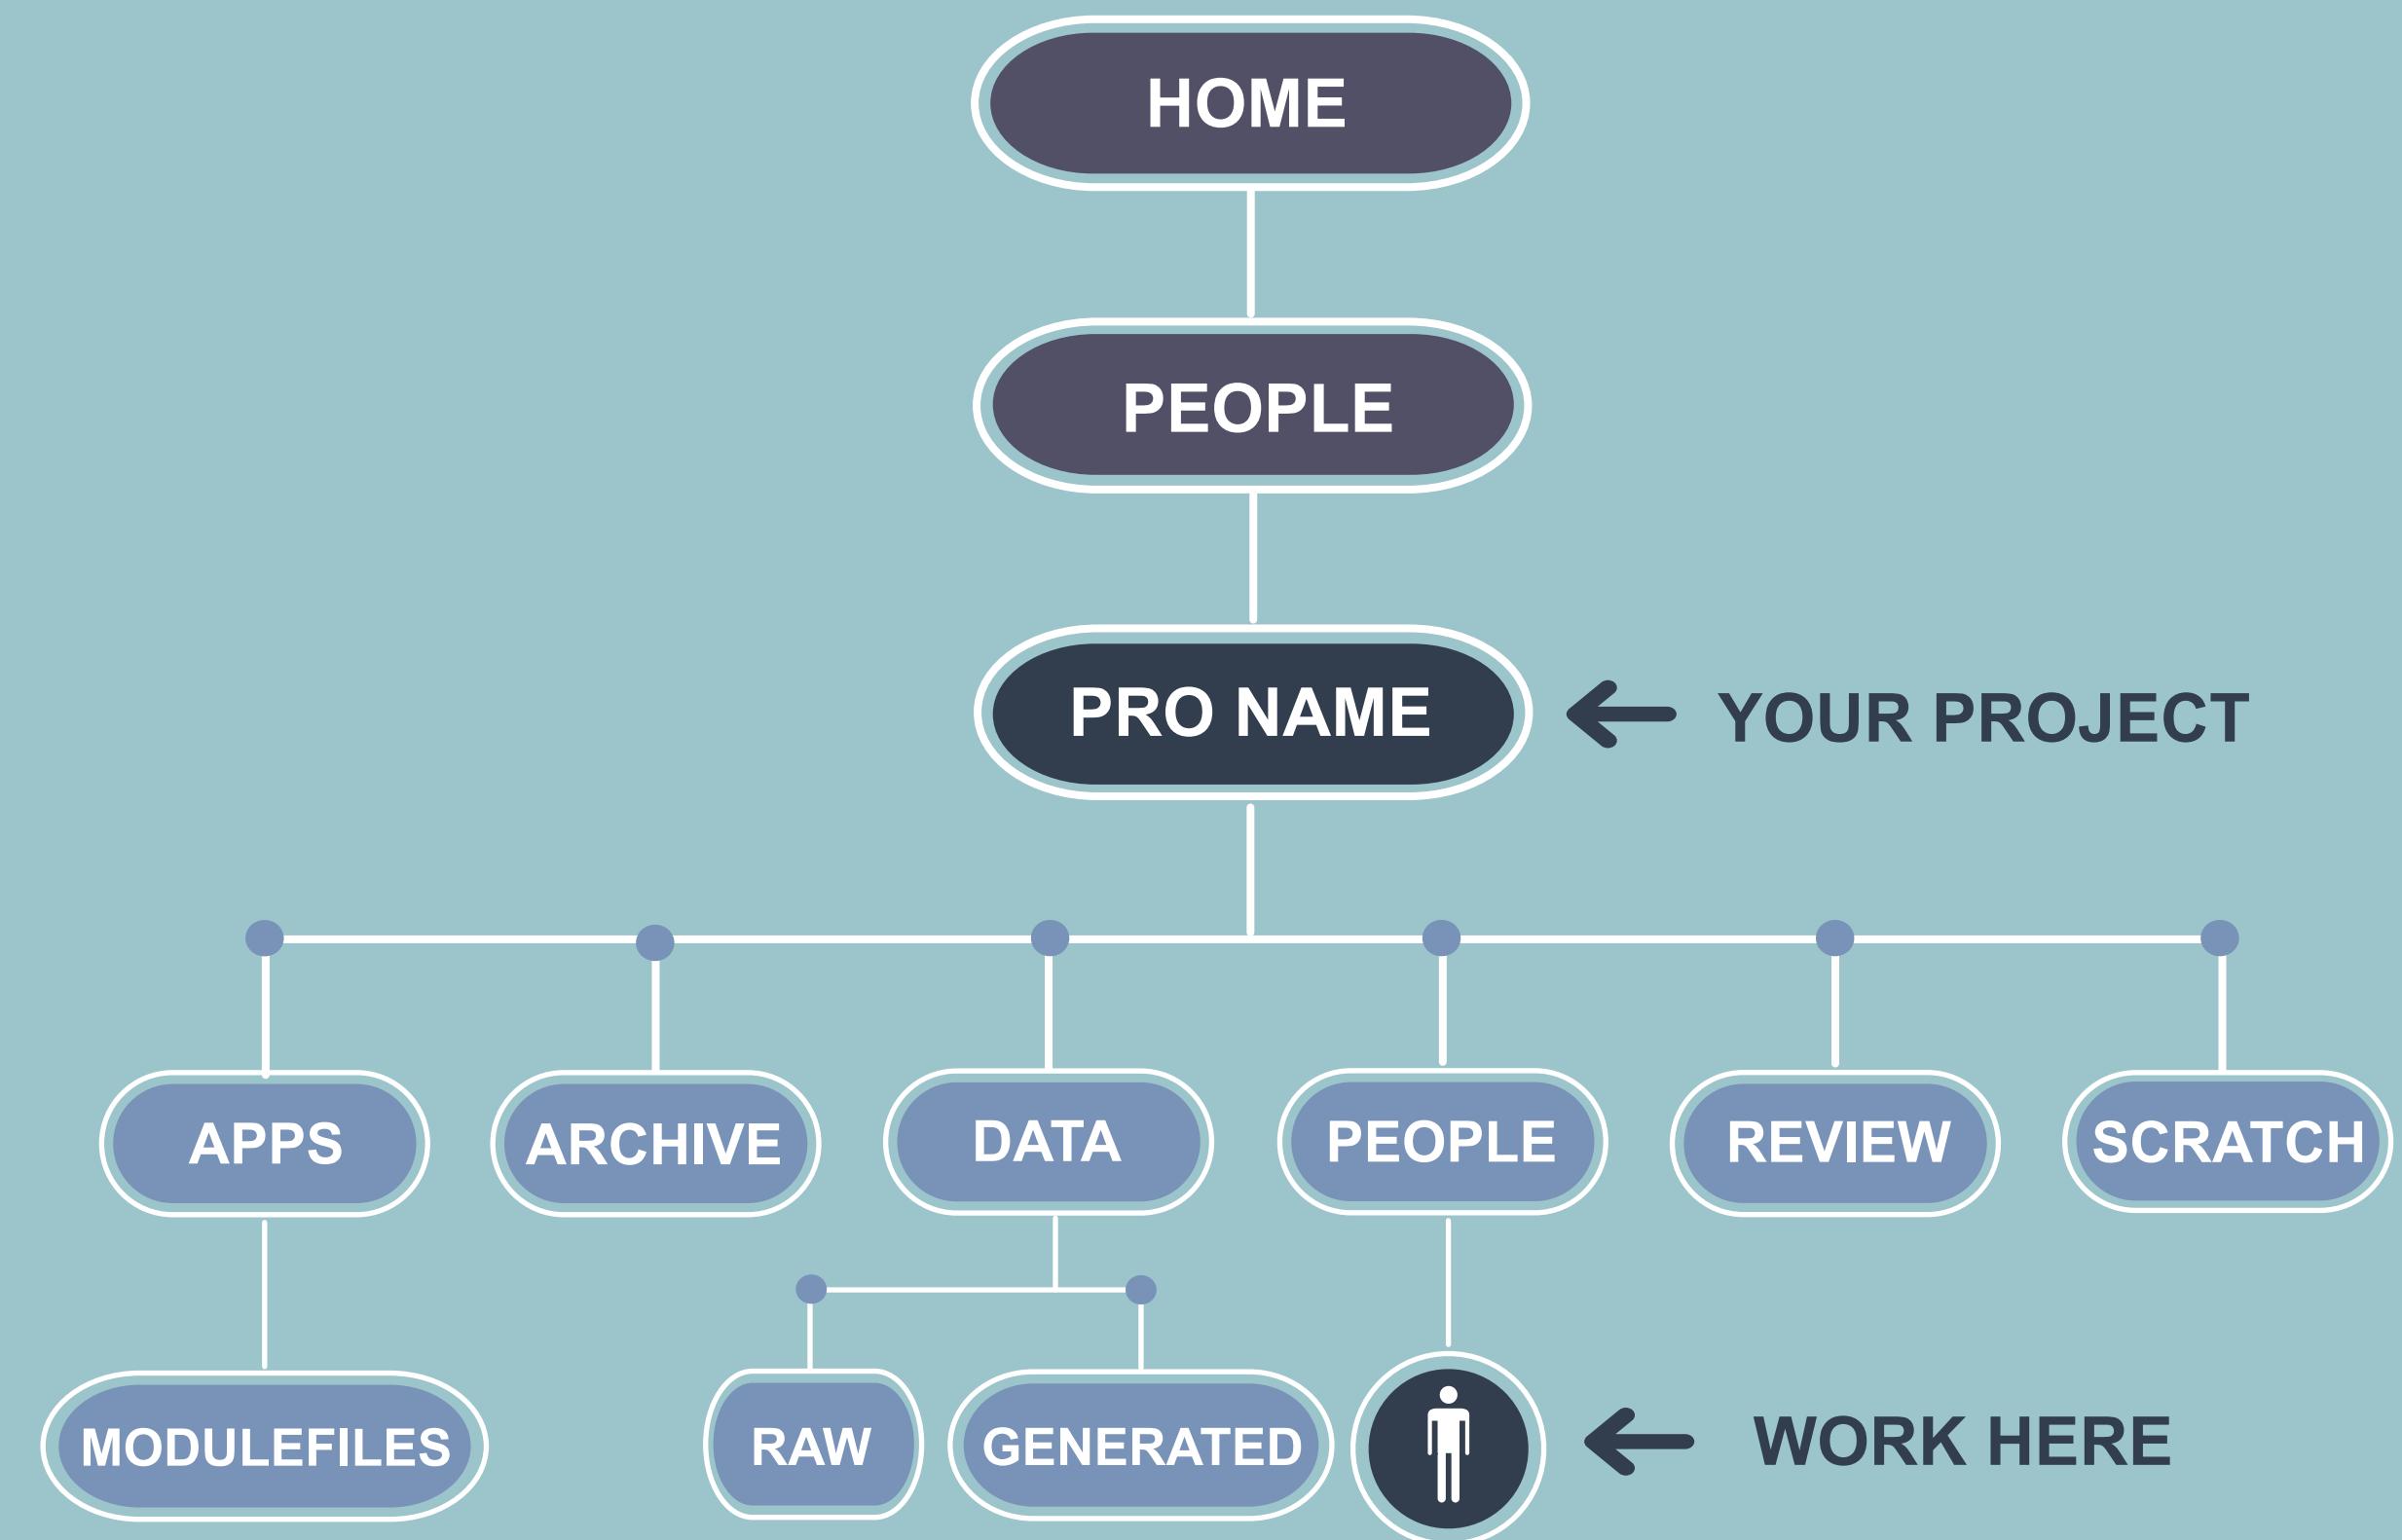

# C2 SANDBOX STRUCTURE

3

/home/projects/project

- Your project directory.
- ./apps : project specific applications & modulefiles
- ./archive: dataproject specific data
- ./scratch: temporary & re-creatable data N.B will not be backed up!
- ./review used for peer-review.

# YOUR PROJECT AND GROUP

## PROJECT

<project> usually refers to the projects funding.

## USERNAME

<username>  
Your unique user ID. Can be connected to multiple projects and groups.

## PROJECT NAME

<project\_name> is the name given by the C2 team. Almost exclusively the same as <project>.

## GROUP NAME

<group\_name>  
ID assigned by DTU.  
Refers to the UNIX group, e.g. the projects/users access to resources.  
Often the same as <project\_name>.

Type in <id> to get this information
